

DRK-B series

Stainless Steel Sewage Pump

Features

- Full stainless steel casted sewage pump
- Hardened vortex impeller with non-clogging design
- All gaskets and packings in Viton®
- Built-in motor protector to prevent overheating.

Application

- Suitable for processing light acid and corrosive liquids
- Industrial environment
- Residential applications
- Municipal applications

Material of Construction	
Pump Casing	AISI304
Motor Housing	AISI304
Impeller	AISI304
Shaft	AISI316
Seal Pump side	CA/CE
Seal Motor side	CA/CE
Elastomers	Viton
